Portfolio Leetcode Hackerrank

Summary — Full Stack Developer skilled in React.js, Node.js, Express.js, Flutter, and SQL. Experienced in building web and mobile applications, integrating APIs, and creating efficient solutions.

Technical Skills

– **Frontend:** HTML, CSS, JavaScript, ReactJS, Bootstrap, jQuery

– **Backend:** NodeJS, ExpressJS, SQL, PostgreSQL, MongoDB, API

– **App Development:** Flutter, Dart

– **Programming Languages:** Java, Python

– **Tools:** Git, GitHub, WordPress, Web3

– **Problem Solving:** Data Structures and Algorithms (DSA), Competitive Programming (HackerRank 5-star)

Projects

ChatGPT Clone — React.js, OpenAI API, Context API, JavaScript
- Developed the front end using React.js to create a responsive and interactive chat interface.
- Integrated OpenAI API to generate AI-driven responses for real-time conversations.
- Used Context API for state management and localStorage to retain chat history.

Weather App — HTML, CSS, JavaScript, Weather API
- Built a weather application using HTML, CSS, and JavaScript with a responsive and user-friendly interface.
- Integrated a Weather API to fetch and display real-time weather updates for any location.
- Displayed temperature, humidity, wind speed, and climate conditions with dynamic updates.

Text to Speech Converter — HTML, CSS, JavaScript, Web Speech API
- Built a text-to-speech converter using JavaScript and the Web Speech API.
- Enabled users to convert written text into speech with natural voice output.
- Added a dropdown menu for selecting different voice options and accents.

Experience

Brainwave Matrix Solutions (2 Months)   **August 2024 – October 2024**
Full Stack Developer Intern   *Remote*
- Developed and maintained both front-end and back-end components of web applications, ensuring seamless performance and scalability.
- Integrated REST APIs to enable real-time data exchange, improving application efficiency and user experience.
- Optimized database queries, reducing load times and improving system performance by 30%.
- Built a responsive and interactive UI, enhancing user engagement and accessibility.

Commerciax Infotech Private Limited (3 Months)   **October 2024 – January 2025**
WordPress Developer Intern   *Remote*
- Designed and developed responsive website templates using WordPress for various business needs.
- Customized themes and integrated plugins to enhance website functionality and user experience.
- Optimized website performance, ensuring fast load times and smooth navigation.
- Maintained and updated website content, improving accessibility and responsiveness.

Education

B.Tech in Computer Science (Internet of Things)   **2022 – Present**
Pranveer Institute of Technology (PSIT), Kanpur   *CGPA: 7.9/10*

Achievements:

- *HackerRank: Achieved a **5-star rating** in Problem Solving, demonstrating strong proficiency in algorithms and data structures by solving a variety of competitive programming challenges.* **Profile: hackerrank.com/profile/IOT1A_2212148**

- *LeetCode: Solved over **100+ problems,** covering diverse topics such as Dynamic Programming, Graphs, Trees, and Advanced Data Structures, improving problem-solving speed and coding efficiency.* **Profile: leetcode.com/u/Anshul_Sharma831**
